

Enrichment Lesson 2: It's Good to "BEE" Home

Handout 1

Honeycomb Poem

Worker bees are clever
When they need a home
They just build a HONEYCOMB!

Honeybees work together
And before too long
They build a home that's safe and strong

To make cells of bees wax;
Workers chew and spit,
Each HEXAGON is a perfect fit

Six sided cells for
Honey, pollen and brood
For raising bee babies, and storing food

Honeybees work together
They co-op-er-ate
The home they build is really great!
